

Kai Morgan

IT Support & Help Desk | Entry-Level & Internship Roles

Milwaukee, WI area | kaibmorgan1@protonmail.com

linkedin.com/in/surrplexie | github.com/surrplexie | surrplexie.github.io

OBJECTIVE

Seeking an internship or entry-level IT support, help desk, or desktop support role where I can apply methodical troubleshooting, clear user communication, and thorough documentation while learning production environments.

EDUCATION

Associate of Applied Science, IT Computer Support Specialist

Milwaukee Area Technical College (MATC) | GPA: 3.2 / 4.0

Planned concentration: IT Information Systems Security

TECHNICAL SKILLS

- Windows 10/11 administration, hardware and software troubleshooting, ticket documentation
- VirtualBox virtualization, TCP/IP networking (DNS, DHCP), Linux (Ubuntu, Kali)
- Wireshark, Nmap, Python; IDA Pro / Ghidra for lab and CTF work

CERTIFICATIONS

- Microsoft Enterprise Desktop Support Specialist (earned, Dec 2025)
- Competency in IT Hardware and Network Support - CompTIA (earned, May 2025)
- Competency in IT Software and Systems Support - CompTIA (earned, May 2025)
- CompTIA A+ and Security+ (in progress)

SELECTED PROJECTS

- Binary Analysis Tool (Python) - CLI static analysis utility for string extraction and triage
- File Hash Scanner (Python) - SHA-256 directory scanning with VirusTotal API integration (in progress)
- TOTP Authenticator (Rust) - cross-platform RFC 6238 authenticator with local encrypted storage (in progress)

PROFESSIONAL FOCUS

Primary career focus is IT support and help desk work. Security analysis, reverse engineering, and CTF participation support continuous learning and are discussed as supplemental experience.
